By Iana Scheremetieva

Borgo dei Conti Resort, a luxurious retreat in the picturesque landscape of Umbria, Italy, has quickly become a sought-after destination for discerning travelers since its grand opening a few weeks ago. This exquisite 40-room and suite resort offers an unparalleled blend of luxury, history, and natural beauty, surrounded by 40 acres of lush olive groves and dense forests. Designed by the renowned Milanese firm Spagnulo and Partners, the resort seamlessly combines the rich cultural heritage of the region with modern comforts.

Borgo dei Conti Resort pays homage to the artistic legacy of Umbria, with a design inspired by the works of Renaissance masters such as Pietro Perugino and Raphael. The resort's architecture, dating back to the 19th century, has been meticulously restored, preserving historical elements like frescoes, fireplaces, and beamed ceilings. These features are harmoniously blended with contemporary furnishings, creating a space that is both luxurious and steeped in history.

The estate consists of two main buildings: the Villa and La Colonica. The Villa, once the residence of the 19th-century painter Rossi Scotti Counts, offers 21 elegantly appointed rooms and suites, including the grand Count and Countess suites. These signature suites, located on the “noble” floor, provide breathtaking views of the Umbrian landscape and can be reserved separately or together for exclusive access to the entire floor. Adjacent to the Villa, La Colonica houses additional rooms and suites, which are set to debut in 2025, offering guests a glimpse of what the future holds for this extraordinary resort.

At the heart of Borgo dei Conti Resort is its expansive spa, a sanctuary of relaxation and rejuvenation. The spa features both indoor and outdoor facilities, including a hydromassage tub, Finnish and Turkish saunas, a Sensory Deprivation area, and a Salt Room. The outdoor infinity pool, surrounded by the serene Umbrian countryside, provides a tranquil retreat, while the indoor heated pool offers a cozy alternative for relaxation. Whether lounging by the pool or indulging in a spa treatment, guests are guaranteed a unique wellness experience.

The resort's culinary offerings have quickly gained acclaim for their emphasis on fresh, local ingredients. Led by Executive Chef Emanuele Mazzella, the food and beverage program highlights the flavors of Italy through the tradition of seasonal cooking. Fine dining restaurant Cedri, located in the Villa, serves dishes made with hyper-local produce from the estate's gardens, offering a true farm-to-table experience. The all-day trattoria, L'Osteria del Borgo, transitions from Mediterranean-inspired dishes during the day to Umbrian and Ischian cuisine in the evening, providing a diverse culinary journey.

For those seeking a more casual atmosphere, the resort's lounge bar offers a stylish setting for aperitifs or post-dinner drinks. The bar, with its deep gray and brown color scheme and raw materials sourced from the region, provides a modern contrast to the historical building.
