MASSERIA
PALOMBARA
Relais & Spa

Follow me,
let's dream
together.

The SPA

I’ve taken over
the ancient granaries of the Masseria,
transforming them
into a warm, steamy refuge
for the well-being
of your body and soul.

The Hammam

Tuff steps,
worn by time,
lead you to my cistern,
transformed into a Hammam.

The Turks were inspired by Roman baths,
and I by both.

Feel the beautiful sensation
of Roman cement covering benches and walls,
and the warm water pool
that cools your heated body.

The Sauna

It’s the most beautiful room in the Masseria,
with a 1500s vaulted ceiling,
restored by an old master.

Admire it from our traditional Swedish sauna
made of birch wood.

Next to it is a Scottish shower
pull the chain and try it out.

.

The Princess

A warm water pool at 32°C,
illuminated by tuff slits
that let sunlight beams penetrate.

Dive in,
sit on the stone bench of the hydromassage,
and let yourself be massaged.

Pamper Yourself

All attention is on you.
Single or couple massages,
relaxing or energizing.

I take care of your relaxation and well-being
using only natural products:
Comfort Zone or almond and olive oils
produced right here at the Masseria.

Relax

This is the best moment.

After massages, baths, and steam,
you need me,
this intimate space to enjoy.

Look up at the ceiling,
the carpet, the crackling fireplace,
and rehydrate with juices and herbal teas.

We'll part for now,
but we'll meet again soon.
