

VILLA CORTINE PALACE

RELAIS &
CHATEAUX

Villa Cortine Palace Hotel Relais & Châteaux.

This charming venue captured my heart from the very beginning in 2019, seducing me with its sophisticated beauty. From day one, I have dedicated myself to this esteemed property and to my amazing team, which now comprises 80 unique individuals, each bringing their own personalities, strengths, and vulnerabilities, all deeply engaged and passionately committed to our shared vision.

Over the years, we have worked diligently to unlock the full potential of our historic property, cultivating an atmosphere of timeless elegance that goes beyond mere style and comfort. A major focus of our improvement journey has been to amplify the value of authenticity and character—qualities that are seldom replicated and elevate an experience to truly exceptional heights.

Much sooner than I could have ever expected, our efforts have been rewarded, as we have been honored with some prestigious accolades, two over all: becoming part of the Relais & Châteaux Family and earning a Michelin Key, both coming in 2024.

But rest assured, we haven't become full ourselves, we remain committed to continual improvement, understanding that the allure of making missteps lingers just beyond the bend and that our enhancement journey never ends.

Long story short

Welcome to our oasis of delights,
where your well-being comes first!

I wish you a wonderful stay with us,

Giacomo Grossi
General Manager
