A Sensory Journey in the Fiermonte Museum

There are places that, for one evening, become yours alone. The Fiermonte Museum opens exclusively, wrapped in a silence rich with stories and atmosphere. Light gently settles on the artworks as a private guide leads you through a narrative woven with art, passion, and love: the story of Antonia Fiermonte and the two men who shaped her life.

Then, slowly, the experience transforms. Art becomes flavor. A chef devoted entirely to you, together with a maître orchestrating every detail, guides you through a gastronomic journey inspired by the artworks and their stories. Small, surprising creations to be savored as if they were paintings.

And finally, an unexpected dessert. A work within the work. A delicate surprise that brings the evening to a close like a memory destined to linger.

Sculpture Workshop : "*The Study of Hands*"

In this guided workshop led by sculptor Marco Maschio, you will discover the artistic and symbolic value of hands, considered the most authentic part of the human body, capable of telling our personal story. Even the sculptor Jacques Zwobada placed great importance on hands in his artistic studies.
You will receive a raw relief of a hand made from Lecce stone, a typical local material that is easy to work with. Under the guidance of the artist, you will carve the marks of your own hand onto the smooth surface, transforming it into a small, unique, and personal sculpture.
At the end of the workshop, you can take your artwork home with you.
